Where can I find ETA's 3D CAD catalog?

ETA's 3D CAD Catalog is online on the CADENAS platform! A new release of QuadroPlan Plus software is now available online! Since 1978, has established itself on the international scene as a manufacturer of high quality enclosures for automation's world.

The E COR range was originally patented by ETA in 1979, when the enclosure concept included a structured fold of the enclosure and a patented hinge system. The enclosure has a structured fold with an 80° inclination for greater structural rigidity, which is particularly noticeable on large dimensions. Structured fold of the housing with an 80°
