

Toyota Tsusho Corporation, a Japanese conglomerate, has sealed a deal with the Beninese Electricity Production Company to erect a 25 MW solar power plant in Benin's Pobé region. This venture represents the first large-scale renewable energy project in West Africa by a Japanese entity.

A rooftop photovoltaic solar power plant is now operational at the headquarters of the Société ninoise de brasserie (SOBEBRA) in Cotonou, the capital of Benin. The recently inaugurated installation consists of 352 solar panels, capable of ...

Beninese Electrical Energy Company SBEE has appointed Eiffage Énergie Systèmes" teams (and teams from our subsidiary RMT in particular) to build a photovoltaic solar power plant and a high-voltage bay enabling the plant to ...

Toyota Tsusho Corporation has signed a public-private partnership (PPP) agreement with the new Société ninoise de production d'électricité (SBPE) to develop a 25MW solar power plant in Pobe Municipal Council in the south-eastern flank of the republic of Benin. The facility is the second phase of the Illoulofin photovoltaic solar power plant.

Beninese Electrical Energy Company SBEE has appointed Eiffage Énergie Systèmes" teams (and teams from our subsidiary RMT in particular) to build a photovoltaic ...

A rooftop photovoltaic solar power plant is now operational at the headquarters of the Société ninoise de brasserie (SOBEBRA) in Cotonou, the capital of Benin. The recently inaugurated installation consists of 352 solar ...

Benin is inaugurating its first large-scale solar photovoltaic power plant. The installation, located in the locality of Illoulofin, was recently commissioned. The reception ceremony presided over by Benin's Minister of Energy Dona Jean-Claude Houssou took place on Tuesday 19 July 2022.

Benin has introduced a VAT exemption on the import of solar photovoltaic (PV) panels, along with materials, equipment, and installation accessories for PV and solar thermal systems. This fiscal incentive, included in the 2020 finance law, aims to boost access to electricity through off-grid projects by making solar energy more affordable.

Illoulofin Solar Power Station, is a 50 megawatts (67,000 hp) solar power plant in Benin, whose first 25 MW was commissioned on 19 July 2022, and the next 25 MW is under construction and is expected to come online in 2025.

## Benin photovoltaic solar

Benin has begun construction of the 25 MW Forsun photovoltaic plant, which will join the Defisol and TTC projects to expand the total capacity of the Illoulofin solar power plant to 75 MW. The government said the project is supported by an investment of \$25.8 million.

**Key Figures & Findings:** Benin has commenced construction of the 25 MW Forsun photovoltaic (PV) plant, enhancing the capacity of the Illoulofin solar power plant. The project, valued at \$25.8 million, is funded by the French Development Agency (AFD) and the European Union.

Toyota Tsusho Corporation, a Japanese conglomerate, has sealed a deal with the Beninese Electricity Production Company to erect a 25 MW solar power plant in Benin's Pob&#232; region. This venture represents the first ...
