

Bermuda linpac storage systems

One of the most respected names in the handling and storage industry has risen again with the re-birth of Apex Linvar ("Apex") in Milton Keynes. Formerly LINPAC Storage Systems, Apex has adopted its original company name as part of a deal brokered between the LINPAC Group ("LINPAC") and Chamonix Private Equity LLP ("Chamonix").

Manufacturer of industrial and commercial storage systems. The company provides racking systems, such as adjustable pallets, wide aisle, narrow aisle, high bay, push back and multi-tier racking systems.

It takes just a couple of clicks to select your choice of size and colour. You can then pick a method to store them either on louvre panels or as wall mounted bin kits, in Linbin cabinets or on Linbin trolleys, instantly turning what was once wasted space into a colourful organised storage solution for easy product selection."

Apex Linvar has a complete range of racking and shelving accessories that can transform bare structures into complete storage and retrieval systems, from simple steel shelf panels to garment hanging rails, and all with the guarantee and high levels of craftsmanship associated with one of the UK's leading storage providers.
