

The German company is currently working on an 82 MW solar project in Guinea, one of the largest independent solar power production projects in the West African region. The project, spread over two sites, will bring clean and cost-effective energy to the port city of Kamsar via a mini-grid with 12 km of grid extension and to the city of Boké; ...

The solar park will be the first grid-connected PV facility in Guinea. It will be constructed near the city of Linsan, Kindia province, working in combination with a 75-MW hydropower facility so as to enable the plant to work at full capacity overnight.

Infraco Africa, a unit of U.K.-based Private Infrastructure Development Group (PIDG), and Solveo Energie, a unit of French renewable energy developer Solveo, have secured a 25-year power purchase...

Khoumaguéli will be Guinea's first grid-connected solar power plant, adding 40MW of much-needed, renewable energy to the country's 566 MW national grid. Located near the city of ...

The Khoumaguéli plant will be the first grid-connected solar power plant in Guinea and will deliver 40MW of clean power to Guinea's national grid. Using existing grid infrastructure, Khoumaguéli will also be well-positioned to enable a planned West African Power Pool project linking Guinea with its neighbours.

The solar energy facility will be the first grid-connected solar photovoltaic (PV) array in Guinea. The project is being developed by InfraCo Africa with the support of Aldwych ...

GuineaSolar is a turnkey Solar Power Systems integrator. At GuineaSolar we consider everything - from the environment right through to your operational costs and bottom line. We focus on complete solar PV plants that are custom ...

Best solar company websites Guinea

We sell 120 watt and 240 watt solar panels, deep-cycle batteries, cables, fuses, solar charge controllers (MPPT and PWM), and anything else needed to create an off-grid, mobile and/or backup power system. These are the products necessary for achieving energy independence, and AIMS Power promises to provide that at the lowest cost possible

GuineaSolar is a turnkey Solar Power Systems integrator. At GuineaSolar we consider everything - from the environment right through to your operational costs and bottom line. We focus on complete solar PV plants that are custom designed to your needs. Our plants are optimized to maximize the benefits of solar.
