

It was going to be between Itech and Renogy as I didn't want to fork out the cash Victron were charging. We lived in our van full time with 2 kids <3years old, travelling Australia for 12 months. We pumped the air con in the desert and while camping on beaches, we boiled the kettle and used the toaster and sandwich press.

Growing up in Bolivia, iTech AG founder and CEO Frank Antezana was always interested in technology, thanks to his father's passion for it. But it was primary school when his interest was really piqued in what would become his life's work.

In the last few years, Bolivia has strived to become a technology pole in the region, investing heavily in both local companies and in IT education. Some of the most notable efforts to earn ...

According to the Global Innovation Index 2020, Bolivia is in the 99th position out of 130 countries, while Colombia is in the 68th position and Peru at 76. Nonetheless, in the digital era, overnight transformation is real and, if implemented correctly, the reforms in the IT industry can make Bolivia one of the most developed countries in LatAm.

Stay connected with a portable lithium power station. Give fuel fumes the flick with an iTechworld portable lithium power station. All the convenience of a portable generator without the smell and noise.

In the last few years, Bolivia has strived to become a technology pole in the region, investing heavily in both local companies and in IT education. Some of the most notable efforts to earn this position are: Tech Hubs. Through institutions such as Bolivia Tech Hub and Hub Santa Cruz, technology in Bolivia is becoming increasingly better ...

Bolivia's tech hub is booming due to affordable living costs, a highly educated workforce, government support, and increased investor interest. Successful startups like Ultragrupo, Mo.bi, and UltraCreditos showcase its potential.
