

What's happening at Brazil's Intersolar South America trade show?

The 10th edition of Brazil's Intersolar South America trade show grew from last year's event in terms of exhibitors and visitors. The Brazilian solar market is now on track to maintain its position as one of the world's largest, despite a slight contraction this year.

What is the Intersolar exhibition?

The Intersolar exhibition will bring together the entire photovoltaic and solar thermal value chains, with manufacturers and distributors of everything from PV cells and modules and BoS to tracking systems and dedicated applications.

What to expect at Intersolar South America conference?

At the accompanying Intersolar South America Conference, renowned experts shed light on hot topics in the industry. As a visitor, you will find the complete value chain of PV and ST at the show floor, from PV Cells and Modules manufactures, BOS, components, tracking, applications, distributors.

Is Brazil's solar market still the world's largest?

The 10th edition of Brazil's Intersolar South America trade show grew from last year's event in terms of exhibitors and visitors. The Brazilian solar market is now on track to maintain its position as one of the world's largest, despite a slight contraction this year. From pv magazine Brazil

What role does PV technology play in the Brazilian energy transition?

CEO Rodrigo Sauaia went on to underline the leading role of PV technology in the Brazilian energy transition, contributing significantly to the social, economic and environmental development of all spheres of society.

What is the future of PV & energy storage?

In 2019 2 GW of new PV capacity have been connected to the grid and for coming years the outlook continues to be bright. Energy storage, by contrast, still is in its infancy and has so far been mostly restricted to off-grid and R&D applications.

During the exhibition, in-depth and extensive discussions have been held, involving the analysis of future PV and energy storage market trends, Internet + Intelligent Energy, cooperation and ...

Brazil's 2050 National Energy Plan (NEP 2050) outlines the importance of solar pv for Brazil's energy mix. Solar power has become a competitive alternative as a renewable source of ...

Manufacturers, distributors, and companies in the sector showcased a diverse range of offerings at Intersolar,

aligning with concepts like the energy ecosystem and integrated energy solutions.

The Indonesia Largest Solar Power & PV Technologies Trade Exhibition. ... ASEAN's Largest Trade Show for Solar PV and Energy Storage. Reflecting the big success of Solartech Indonesia 2024 which attracted over 800+ exhibiting ...

From August 29th to 31st, 2023, Beny New Energy, a globally leading provider of intelligent energy solutions, showcased its innovative photovoltaic and energy storage solutions at booth ...

The next edition of Intersolar South America, LATAM's largest exhibition and conference for the solar industry, takes place at the Expo Center Norte in São Paulo, Brazil, ...

Invitation to ASEAN Solar PV & Energy Storage Expo 2025 We are delighted to invite you to the upcoming ASEAN Solar PV & Energy Storage Expo 2025, which will be held on March 5-7 in ...

05.11.2025 - 07.11.2025 International Solar Energy Expo & Conference 2025 Seoul, South Korea. Expo Solar PV Korea is the largest solar energy exhibition & conference in Asia, and ...

Intersolar South America, LATAM's largest exhibition and conference for the solar industry, takes place at the Expo Center Norte in São Paulo, Brazil, on August 29-31, 2023, and has a focus on the areas of photovoltaics, PV production ...
