

Brockwell solar and storage Cook Islands

With the backing of institutional capital, Brockwell Storage & Solar is on a mission to develop and build a portfolio of solar and storage projects to power the UK with cheap, clean, and reliable energy. Located in some of the sunniest areas of ...

Brockwell Storage & Solar is developing a portfolio of subsidy free solar projects in the UK. The sites are focused in the south-east to maximise energy yield and have been chosen to minimise grid connection costs by ensuring they are in close proximity to connection points.

The East Park development would see a ground-mounted solar photovoltaic generating station with a 400MW capacity and a 100MW battery energy storage system (BESS). The development will include an on-site substation and connect via an underground cable to the existing electricity transmission network at National Grid's Eaton Socol substation.

Brockwell's current project pipeline creates over £800m of investment opportunity. As one of Scotland's largest potential energy infrastructure investors we are well placed to deliver new world class energy assets and infrastructure to help Scotland achieve its waste and CO 2 ...

With the backing of institutional capital, Brockwell Storage & Solar is on a mission to develop and build a portfolio of solar and storage projects to power the UK with cheap, clean, and reliable energy. Located in some of the sunniest areas of the UK, our 1.5GW pipeline of solar projects will begin construction in 2024.

Meet Paul Newman, our Managing Director at Brockwell Storage & Solar (BSSL). With a background in finance and extensive experience as part of the founding management team at Brockwell Energy, Paul leads our innovative initiatives in energy storage and solar solutions.

Origination and development of BESS and solar projects across the UK. Site finding; Land agreements; Planning and consenting; Initial financial viability, modelling and analysis; Initial grid connection applications and security; Local community & stakeholder support.
