Will Warren Buffett bring more wind & solar to Iowa?

. Warren Buffett's Berkshire Hathaway Inc. is proposing to spend \$3.9 billion to bring more wind and solar generation to Iowa in a project that could be among the renewable industry's biggest.

Why did Warren Buffett invest in renewables?

Buffett said in a 2016 investor letter that he was convinced renewable sources would grow in importance, which is why the company's Berkshire Hathaway Energy subsidiary was investing in them. "Last year, BHE made major commitments to the future development of renewables in support of the Paris Climate Change Conference," he wrote.

Does Warren Buffett have a commitment to environmental goals?

Buffett's commitment to environmental goals has been challenged in the past. Berkshire Hathaway Energy was previously criticized for opposing "net metering" rules that pay rooftop solar generators for the power they send back into the grid. Without net metering, rooftop-generated solar energy is less cost-competitive in many states.
