

# Can I call the police if I damage photovoltaic panels

Does homeowners insurance cover solar panels?

Usually, homeowner's solar insurance packages cover all types of solar panels: monocrystalline, polycrystalline PV, or thin film solar panels. The insurance protects your solar rooftop against common risks, such as fire, hail, lightning, storm damage, or theft. The claim limit for solar panel coverage varies depending on the policy.

Does solar panel insurance cover injuries or property damage?

Liability for injuries or property damage: Solar panel insurance typically includes liability coverage, protecting the policyholder if the solar panels cause injuries or damage to other people's property. This coverage is crucial for safeguarding against potential legal claims and associated expenses.

What happens if a storm damages a solar panel?

For instance, a homeowner in Cornwall faced £5,000 in repairs after a severe storm damaged their rooftop solar array. Their specialised solar insurance covered the full cost. Also, a Yorkshire farm had stolen ground-mounted solar panels, resulting in a £15,000 loss.

Are solar panels causing a rise in solar crime?

A rise in solar crime means eco-conscious homeowners and farmers who have diversified into renewables should check their security and insurance. The warning comes after police figures revealed a 48 per cent rise in solar panel and cabling theft from 2021 to 2022.

Does solar panel insurance cover a power outage?

Loss of income due to power generation outage: In the event of a power generation outage caused by covered perils, solar panel insurance may provide coverage for the loss of income. This aspect is particularly important for businesses and homeowners relying on solar energy for daily operations.

What is solar panel insurance & how does it work?
