

Can I put a locker on the bed

How to choose a bedside locker?

If you have a bed with a bold coloured headboard, then you may opt for a more neutral bedside locker so that you don't overpower the space. Alternatively, if you have a minimalist decor style, you may opt for a locker to serve as a main design feature. Height: The height of your bedside locker is one of the key factors to consider.

Do bedside lockers have drawers?

As many bedside lockers have drawers, they promote excellent sleep hygiene. You can store your phone and electronic items safely away from your eye level as you settle down for a great night's sleep.

How far apart should a bedside locker be?

Spacing: The ideal spacing between bedside lockers and a bed will be determined by its function. If you want to have items within arm's reach, then it is recommended that you place the locker approximately one to two inches away from the bed. On the other hand, if your locker is purely for aesthetic purposes, it can be placed further away.
