

## Can I put a locker opposite the door

Should I put a lock on my own bedroom door?

A lock on your own bedroom door is a good idea.. A lodger's room could have a latch to be secured from the inside, or if they want a lock and you're happy, you should fit it yourself and keep a key a spare key so you can have reasonable access in an emergency. You'll forbid them fitting their own lock, of course.

Do you put a lock on a lodger's door?

I'd not put a lock on their door in that instance just in case they started claiming they had a tenancy. If just a lodger in a room, I would probably put a sliding lock on the inside of their door and possibly mine. Not sure I'd be bothered with the whole key/keyhole thing. No - I don't have any locks on the doors...

What if a lodger wanted a key lock on their door?

If a lodger wanted a key lock on their door, it would indicate a lack of trust and I wouldn't want to share a house with them. Her courage will change the world. Treasure the moments that you have. Savour them for as long as you can for they will never come back again.

Should a lodger's room have a lock?

A lodger's room could have a latch to be secured from the inside, or if they want a lock and you're happy, you should fit it yourself and keep a key a spare key so you can have reasonable access in an emergency. You'll forbid them fitting their own lock, of course. Only have thumb latches on the bedroom & bathroom doors.

What is the difference between interior and exterior door locks?

E.g. locking with a key locks the exterior handle from opening the latch, but the interior handle always opens the door. Furthermore, operating the interior handle will not disengage the lock on the exterior handle. The closest analogy would be a commercial fire door, which remains locked but always allows egress.
