How to choose a bedside locker?

But, of course, style is a personal preference. Choose a bedside locker that embodies your personality and is in keeping with your bedroom's decor for a cohesive and seamless flow. Lastly, quantity. You will need to decide on the number of lockers you might need. Again, this is dependent on the available space in your bedroom.

What are bedside lockers used for?

Bedside lockers are used as lamp tables, for storage, an aesthetic finishing touch, and a catch-all for personal essentials. Whether you've just moved to a new home, are updating your bedroom, or finally choosing new pieces, this guide will help you choose the ideal bedside lockers for your life, and personal style!

How far apart should a bedside locker be?

The spacing required between bedside lockers and a bed is determined by its function. If you're using your bedside table for items that you know you'll need to have at your fingertips, then closer is better. You should consider placing it further away from the bed if its primary purpose is for aesthetics only.

Do bedside lockers have drawers?

As many bedside lockers have drawers, they promote excellent sleep hygiene. You can store your phone and electronic items safely away from your eye level as you settle down for a great night's sleep.

Are floating bedside lockers a good idea?

Also, their small design means floating bedside lockers are incredibly cost-effective. Unfortunately, while saving on floor space, you do have to compromise on the strength of the bedside locker. A floating shelf will only be able to hold a light lamp and a book. Even then, sagging may very well become a problem.
