

Desay Energy Storage Lithium Battery Project

What are the major business of Desay battery?

The major business of Desay Battery is the pack of small Lithium-ion. The Blueway Electronic ran the business of small lithium-ion battery protection board, and the business of the second subsidiary company-Blueway New Energy Co.,Ltd is battery management system, battery system pack and energy storage system.

How many storage units does Desay have?

According to the design plan unveiled on July 1, Desay will provide storage systems equipped with their proprietary 280 Ah LiFePO₄ battery cells. The station will comprise 47 units, each with a capacity of 13.418 MWh, housing a total of 1,689 storage cabinets.

How many storage cabinets will Desay have?

The station will comprise 47 units, each with a capacity of 13.418 MWh, housing a total of 1,689 storage cabinets. Once all units are connected, they will be integrated into the local grid to meet surrounding energy demands. Desay stated that its battery cabinets align with the current domestic market's safety and applicability requirements.

Who is Shenzhen Desay battery technology joint-stock company?

Shenzhen Desay Battery Technology Joint-stock Company is a public company listed in the Shenzhen Stock Exchange and stock symbol: 000049. It is a shareholding company which respectively holds 75% of Huizhou Blueway Electronic Co.,Ltd and Huizhou Desay Battery Co.,Ltd.

What is the largest commercial and industrial energy storage station in China?

The project, located in Victory Giant Technology Industrial Park in Huizhou, Guangdong Province, is designed to have a capacity of 121 MW/630 MWh, making it the largest commercial and industrial (C&I) energy storage station in China. From ESS News

What is the energy storage station?

The energy storage station is expected to provide stable and reliable power support for local grid peak shaving, dynamic capacity expansion, demand-side response, and backup power.
