

Ekt battery Bulgaria

Who is ekt (eikto) lithium battery?

We Power Your Business ! |EKT (EIKTO) Lithium battery is world's largest manufacture of Lithium Battery for Material Handling Equipment. We are the official supplier of top OEMs,also,is a pioneer to bring a cost-effective Lithium battery solution for global market. Our product ranges from 24V,36V,48V,72V until 80V.

Who is ekt batteries?

EKT is a leading lithium battery manufacturerfor solution providers,original equipment manufacturers,and end users. Our over 10 years of experience and expertise in lithium batteries means we have the experience needed to manufacture quality batteries. We back all our products with a comprehensive service guarantee.

What makes ekt a good battery company?

EKT has a state-of-the-art manufacturing facility and R&D center to ensure that our lithium batteries,lithium battery modules,and lithium battery systems are always of the highest quality during development,manufacturing,and testing.

Who is ekt traction lithium-ion battery?

EKT is the only traction lithium-ion battery industry supplierthat provides end-to-end solutions,from cells to modules to complete systems. We have more than 600 experienced engineers,product developers,and technicians dedicated to manufacturing high-safety standards and reliable products for our customers.

Does ekt offer a cloud-based service?

EKT can offer cloud-based servicethanks to the implementation of telematics and a mobile phone APP (Lithium Partner) When it comes to the components,you can precisely each battery system's details from the EKT database. Haven't Found The Right Forklift Battery Yet?

Are eikto lithium batteries environmentally friendly?

EIKTO lithium batteries are made of environmentally friendly materialsand do not contain harmful substances such as lead and mercury,which can reduce environmental pollution. In addition,lithium batteries have high recyclability,which helps reduce waste and resource waste.

EKT is a global supplier of new energy applications. The company specializes in R& D, production and sales of lithium-ion batteries for industrial vehicles, lithium-ion batteries for new energy ...

EKT is a global supplier of new energy applications. The company specializes in R& D, production and sales of lithium-ion batteries for industrial vehicles, lithium-ion batteries for new energy ships, lithium-ion batteries, and heavy-duty truck energy storage products.

Ekt battery Bulgaria

EKT manufactures and supplies motive battery to suit various OEM applications. Innovative secondary battery technology based on solid engineering knowledge to provide cost-effective storage solutions for the commercial market.

EIKTO is a leading lithium battery innovator, we are specialized in Lithium-ion battery technology development and manufacturing, our integrated PACK is suitable for forklifts, marine, heavy trucks and battery energy storage system (BESS). We contribute to global low-carbon emissions, and to promote the development of the clean energy.

EIKTO lithium batteries are equipped with an intelligent battery management system that monitors the battery status in real-time, such as voltage, current, and temperature and takes action in abnormal situations, such as disconnecting the circuit or issuing an alarm to protect the battery and equipment.

EKT is a global supplier of new energy applications. The company specializes in R& D, production and sales of lithium-ion batteries for industrial vehicles, lithium-ion batteries for new energy ships, lithium-ion batteries, and heavy-duty truck ...

After almost one year of dedication, we are now proud to stand among the few Lithium traction battery suppliers which are TUV tested and certified. Bearing in mind that safety is always our top priority, EKT provides you all advantages of Lithium batteries, while eliminating all your concerns about Lithium Battery safety.

EKT is a lithium-ion battery specialist, we manufacture battery solutions for all models of forklifts, offering customization to suit your forklift, application and budget. Custom options we offer include battery pack integration, battery management systems, and more.
