

Ematrix energy systems Togo

Who is ematrix energy systems?

eMatrix Energy Systems is an innovative energy technologies creator founded in 2016 and headquartered in Southfield, Michigan, a Detroit suburb. The Company is a leader in the development of advanced electrification solutions in multiple commercial verticals.

What can ematrix do for You?

eMatrix offers plug-and-play battery hardware and software solutions designed to save you time and resources on development and manufacturing. Our highly modular battery systems allow you to rapidly modify products and customize them to meet your specific needs.

What are ematrix battery pack systems?

eMatrix's modular battery pack systems feature a unique pack design easily assembled to scale to customer needs, uses standard battery cells and are controlled with a unique Battery Management System designed to optimize thermal performance. The resultant system is scalable, flexible, lower cost and drives better efficiency in performance.

Find out what works well at eMatrix Energy Systems from the people who know best. Get the inside scoop on jobs, salaries, top office locations, and CEO insights. Compare pay for popular ...

Linamar Corp. has entered into an exclusive manufacturing and licensing agreement with Southfield-based eMatrix Energy Systems Inc. to gain access to its leading modular battery pack technology.

Harry Director of Manufacturing Harry is a qualified engineering professional with a Bachelor of Mechanical Engineering (Honors) degree from Monash University in Melbourne, Australia. With over twenty years of experience, he has held leadership roles in manufacturing, operations, quality, product development and program management. He has diverse global experience ...

Matthew Mechanical Engineer Matt has a Bachelor of Applied Science degree and a Master of Applied Science degree in Mechanical Engineering from the University of Windsor. He has several publications spanning a variety of topics in the realm of micro-electronics. He combines his educational knowledge with hands-on experience and enjoys jumping in to help solve [...]

Donald Senior CAD Designer Don has been part of the eMatrix team for 3 years now. He's been working with electromechanical products for the past 10 years and now designing them since joining. He loves working on products that will create a better future for humanity. He is also a fan of sports and competition, mainly hockey, [...]

Shawn Additive Manufacturing Designer Shawn, a US Air Force veteran, is currently a student at Macomb

Ematrix energy systems Togo

Community College studying pre-engineering with aspirations for a future in aeronautical engineering. He began 3D printing as a personal hobby four years ago and has since honed his passion to the professional level. Today Shawn leverages his experience and [...]

Unpacking the Future of Batteries. Posted on June 6, 2022. With new investors and increased demand, eMatrix needed to expand. We knew we needed somewhere new to keep up with all the demand for our patented eBrick(TM) technology, so President and CEO, Idan Kovent, searched high and low to find the perfect location.

eMatrix offers plug-and-play battery hardware and software solutions designed to save you time and resources on development and manufacturing. Our highly modular battery systems allow you to rapidly modify products and customize them to meet your specific needs.

The Mobility segment products are focused on both components and systems for new energy powertrains, body and chassis, driveline, engine and transmission systems of these vehicles.

Our unique combination of patented designs, efficient manufacturing, and an agile engineering team allows us to easily and affordably adapt our products to each customer's needs. We are ...

Linamar Announces Exclusive Manufacturing, Licensing Agreement, and Investment in Battery Pack Module Leader eMatrix. Posted on June 6, 2022. Linamar Corporation (TSX:LNR) today (09/28/2021) announced that it has entered into an exclusive Manufacturing and Licensing Agreement with Michigan-based eMatrix Energy Systems, Inc. to gain access to ...
