

Why is Geli joining Q Cells?

Q Cells CEO Hee Cheul Kim said: "There is increasing demand in the energy storage space for comprehensive energy solutions. We are excited to welcome the Geli team and work together to strengthen our competitiveness in the global distributed energy market.

Will Q Cells buy Geli?

Q CELLS already sells total renewable energy solutions to residential customers in Germany, while buying GELI's expertise and its end-to-end software platform for the design and installation of energy storage systems could allow it to take on opportunities for US businesses.

Who are qcells & Geli?

"Qcells and Geli have long been committed to innovation and a cleaner tomorrow through smart energy solutions. We are pleased to reach today's milestone and to finally welcome the Geli team to the Qcells family.

Is Geli integrating with qcells?

The two companies have begun the process of integrating its U.S. operations. As previously announced on August 6, 2020, the transaction brings together Geli's end-to-end software platform and proprietary artificial intelligence technology with Qcells' market-leading solar solutions.

The Gibraltar Electricity Authority is a H.M. Government of Gibraltar Authority and currently, the only Electricity Utility Provider in Gibraltar. The Authority is responsible for the generation, distribution and supply of Electricity to all Customers" premises.

At present, Gibraltar is very dependent on the importation of fossil fuels for energy production and in order to reach the 2020 targets, strategies and measures based on sustainability, improved efficiency and security need to be implemented.
