Nitor started as a gas trading company. And we still trade gas 24/7 using our own Energy Trading and Risk Management (ETRM) system, which is optimized for short-term physical trading. We currently operate in 10 different markets with a portfolio of storage and long-term capacities.

Nitor Energy is an energy trading company located in the center of Aarhus. Initially Nitor focused on developing Software for the energy industry. After three years of focusing on developing software solutions for the energy industry we broadened our activities now and started trading gas and power 24/7/365 in all of Europe.

With our holistic view of energy prices across time and location, Nitor was able to dampen price fluctuations and move gas to where it was most needed. Trading 24/7, Nitor provided liquidity continuously throughout the year, and as physical traders, Nitor took the delivery risk from suppliers in the West and moved gas across the continent
