Sin embargo, una de las principales preguntas que muchos se hacen es cu&#225;nto cuesta instalar paneles solares en Nicaragua. En este art&#237;culo exploraremos los distintos precios y opciones disponibles para aquellos que buscan incorporar paneles solares en su vida diaria en Nicaragua.

The typical pay-back time for solar PV systems with batteries is 4-6 years and without batteries 3-5 years. This exact period heavily depends on your load profile, electricity tariff, and selected system size. Are you looking for a solar system for your home? Contact us and we'll be happy to advice you the best options for your needs.

It cost \$45,000 to install the solar system, including the panels and the batteries and all the equipment. We've been spending about \$800 a month on electricity at FunLimon. So if the system does indeed provide all the energy we need, the payback will take about five years.
