

Iceland solarspace technology co ltd

Who is SolarSpace technology?

SolarSpace Technology Co.,Ltd. was established in 2010,as a world leading solar cell and module manufacturer,concentrating on high efficient solar-technology production with 30GW+capacity of solar cell and 6GW capacity of solar module in China and overseas.

What does SolarSpace do?

SolarSpace focuses on the development and manufacturing of solar cell. With industry-leading technology and competitive manufacture capability SolarSpace rapidly increases production capacity and continuously provides the high efficiency and high quality cell products for customers. Global Leader!

Why should you choose SolarSpace?

Based on leading technical, high-quality guaranteed supply chain and intelligent manufacturing managements, SolarSpace provides more efficient and more reliable solar module products worldwide. SolarSpace focuses on the development and manufacturing of solar cell.

Why did SolarSpace change its website domain?

In line with our company's business development needsand our commitment to providing more efficient and high-quality services,SolarSpace Technology Co.,Ltd.'s has changed its official website domain from solarspacepower.com to solarspace.com. Please feel free to visit and bookmark it.

In 2023, SolarSpace continued to forge ahead, focusing on the comprehensive optimization of economic, environmental, and social value, while deepening ESG governance practices, tirelessly striving to build a sustainable, low-carbon world.

Founded on January 11, 2011, SolarSpace Technology Co., Ltd. ("SolarSpace") is mainly engaged in the R&D, production, and sales of high-efficiency solar cells and modules, and has expanded the distributed power station business.

SolarSpace was established on January 11, 2011. Its main business is the research and development, production, and sales of solar cells, mainly selling high-efficiency single crystal cells to globally renowned component enterprises.

SolarSpace Technology Co.,Ltd. was established in 2010, as a world leading solar cell and module manufacturer, concentrating on high efficient solar-technology production with 30GW+ capacity of solar cell and 6GW capacity of solar module in China and overseas. *Please refer to SolarSpace for details SS8-72HD Bifacial Dual Glass Module
