

Is the rural photovoltaic panel scam illegal

Are solar panels a scam or a cold call?

Here are the cold calls and potential scams to avoid. More than a third of solar PV panel owners in our recent survey told us they have been cold called about their panels in the past five years. Most cold callers were trying to sell them something unnecessary, but a few owners were told something completely untrue.

Are free solar panels a scam?

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy.

Is going solar a scam?

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Here's how to steer clear of the scams: Do some research.

Are 'fake' solar companies a scam?

Beware of any company asking you to make a big deposit before they have completed their installation. This is one of the most common ways 'fake' solar companies have targeted consumers - whereby they take a hefty deposit and then never turn up to carry out the installation. This is common solar scam.

How common are cold call solar panels?

See our solar panel brand reviews. This was by far the most common cold call solar panel owners told us about - 44% have been approached about this. Technical faults with solar panels are rare. Nearly seven in 10 of those in our survey have not had a fault with their system. Some have owned theirs for more than a decade.

Are solar panels legit or mis-sold?

Connect panel members with solar panels. Some product offers can be legitimate and worthwhile - but sometimes they're being mis-sold. Think carefully about the claims made about any product you're being offered, and work out if it will benefit your system. A cold-caller on your doorstep or phone doesn't give you time to think things through.
