Having a solar power battery means you'll be able to take even more advantage of reducing your carbon footprint and Ireland's greenhouse gas emissions to hit our Paris Agreement targets. Solar panel batteries will also ensure you don't have to rely on the grid as much and therefore reduce your impact on the environment.

The sonnenBatterie hybrid provides maximum cost efficiency as the system also includes the inverter for a solar photovoltaic system. This eliminates the need for an external device to convert direct current (DC) from the roof into alternating current (AC).
