

Longi photovoltaic panel 605w

What is a Longi 605w bifacial solar panel?

Request a Call Back The Longi 605W Bifacial Solar Panel is a 72-cell bifacial solar panel offering excellent performance with up to 22.4% peak efficiency. Ideal for ground mount applications, Longi solar panels also feature lower resistive loss with lower operating current, higher energy yields and lower operating temperature.

Why should you choose LONGi Solar panels?

Ideal for ground mount applications, Longi solar panels also feature lower resistive loss with lower operating current, higher energy yields and lower operating temperature. Longi's new optimized electrical design also reduces hot spot risk and allows for lower operating currents.

What services does Longi offer?

LONGi offers professional consulting services, professional knowledge of PV power plant and charging station solutions, and full life cycle O&M capabilities. Uniform smart soldering increases the power and efficiency of the module, and improves the power load capacity.
