

Longi photovoltaic panel packaging

What is a LONGi Solar module safety guide?

This guide serves as a reference for inspecting, transporting, unpacking, handling and storing LONGi PV solar modules to ensure safe practices for you and the modules. No matter where you are in the delivery and installation process, LONGi is here to help if something goes wrong.

Can you walk on a LONGi Solar PV module?

DO NOT stand or walk on PV modules. Prior to beginning installation, review the Installation Manual for LONGi Solar PV Modules. Do not carry a module alone; always use two people to lift and carry. Do not drill holes in the frame of the module. In addition to invalidating the product warranty, this will also reduce

What if a Longi PV module is broken?

To inform the LONGi customer service personnel within two weeks when modules are found broken or other significant abnormality. Refer to the "LONGi PV Module Operation and Maintenance Manual" for details on module maintenance.

Why is Longi a reliable vertical packaging solution?

In conclusion, LONGi adheres to the proven reliability of the landscape vertical packaging solution for its Hi-MO5 modules, this both minimizing sea transportation costs and making unpacking and installation more convenient for workers onsite.

What is the best packaging method for PV modules?

Figure 1. Three packaging methods for PV modules: a) Landscape vertical packaging is recognized as optimal; b) Horizontal stacking has been eliminated; c) Portrait vertical packaging is applied for larger PV modules. Vertical packing is commonly viewed as the optimal method, coming about from issues with the horizontal stacking alternative.

How does Longi package a module?

LONGi packages each pallet as follows: Cardboard sleeve (remember that the glass side of the module is directly on the other side of the cardboard. Do not cut into the cardboard with a sharp object on the sides) Before you unpack your modules, check the shipping label to ensure you received the right modules.

Longi 550W Solar Panel 540W Bifacial Solar Panels Double Glass Photovoltaic Panel, Find Details and Price about Solar Panel Longi Solar from Longi 550W Solar Panel 540W Bifacial Solar Panels Double Glass Photovoltaic Panel - ...

LONGi and TÜV NORD jointly carried out a wind tunnel test to verify the ability of the module under a dynamic load, and LONGi also carried out a static load test on the large-size module ...

Longi photovoltaic panel packaging

Photovoltaic panels 600W - Longi Hi-MO 6 Scientist LR5-72HTH 580-600M-V03 DG Longi Hi-MO 6 Scientist LR5-72HTH 580-600M-V03 DG is a high-efficiency photovoltaic panel designed for commercial and utility-scale solar projects. ...

According to the height of a container door, the maximum permitted height for optimal packaging can be determined. The logical relationship is shown below: In line with an optimal product width of 1,133 mm ...

Longi and JA Solar have made significant strides in the solar panel industry, despite being newer compared to their Western counterparts. Their affordability is a key attraction, and while their ...

Bifacial photovoltaic panels 555W - Longi Hi-MO 5 LR5-72HBD 535-555M Longi Hi-MO 5 LR5-72HBD 535-555M bifacial photovoltaic panels offer an impressive power output of 555W, providing high efficiency and outstanding performance. ...

With its advanced PERC mono technology, this solar panel delivers unrivaled efficiency, producing up to 550W of power while minimizing energy loss and maximizing performance. ... Longi: Length without packaging (mm) 1722: ...
