Unlock the power of efficient energy management with the Deye ESS Battery Module Model BOS-G. Engineered for both home and business applications, this state-of-the-art energy storage solution combines high-voltage capacity with advanced technology, making it the perfect backup power system for your needs.

The BOS-G series utilizes advanced LiFePO4 cell technology, known for its superior thermal stability, high cycle life, and excellent safety profile. Each battery module has a nominal capacity of 100Ah and energy of 5.12 kWh, allowing you to scale your system to perfectly match your energy storage requirements.

Explore the efficiency of the Deye Single Battery BOS-G 5.12KWh, part of the Deye HV Battery Set. This high-voltage battery set offers a reliable and compact energy storage solution for both residential and
