

PVGIS provides information about solar radiation and photovoltaic (PV) system performance for any location in Europe. [https://re.jrc.ecropa.eu/pvg\\_tools/en/EPEver](https://re.jrc.ecropa.eu/pvg_tools/en/EPEver). Use EPEVER Off-Grid solar calculator tool below to estimate the required size of the components such as Solar PV modules, Inverter and charge controller. <https://...>

With this tool, installers can easily determine the most efficient layout and configuration for solar panels, considering specific roof dimensions and characteristics. The GSE In-roof Configurator offers detailed visualizations and precise calculations, making project planning and execution simpler and faster.
