

Nitor energy United Kingdom

How did Nitor energize the company's Mission?

Therefore, they energized the company's mission by giving freedom and responsibility to individuals and making Nitor a playground for smart and ambitious people. We are doers who would rather get things done quickly than spend a lot of time thinking about how.

Does Nitor earn a return on shareholders' investment?

Nitor's ability to earn a return on the shareholders' investment in the company is clearly reflected in our ROE. Our family of energetic people grew from 47 to 62 employees in 2023. Nitor started trading in 2020. Since then, our growth curve has been steep.

What makes NITOR a great workplace?

They envisioned a workplace where fun and enjoyment were prioritized as much as productivity. Therefore, they energized the company's mission by giving freedom and responsibility to individuals and making Nitor a playground for smart and ambitious people.

Nitor is a pan-European trading company operating in Western, Southern, and Central Europe and with more than 99% of the profit created outside of Denmark. Our experience in the energy markets came into play and enabled us to navigate the unknown waters. With our holistic view of energy prices across time

Nitor Energy is an energy trading company, founded in 2017, with the focus on 24/7/365 physical natural gas and power trading in all European markets. We operate from our headquarters, located in the heart of Aarhus, by using our trading spirit, proprietary software, models and capital.

The United Kingdom relied on fossil fuels for 40% of its electricity in 2023. Its per capita emissions were below the global average, and three times lower than in 2010. The country still relies on gas for 34% of its electricity production, but its coal phase-out is almost complete with the last remaining coal plant set to close by October 2024.

Nitor Energy has strong knowledge and experience in all aspects of European trading in natural gas. Together, our team has more than 50 years of experience in short-term trading, portfolio management, origination, and algo development.

Nitor Energy is an energy trading company located in the center of Aarhus. Initially Nitor focused on developing Software for the energy industry. After three years of focusing on developing software solutions for the energy industry we broadened our activities now and started trading gas and power 24/7/365 in all of Europe.
