What are fastensol solar panel fixings & solar panel mounting rails?

Our range of Fastensol offers premium Solar Panel Fixings & Solar Panel Mounting Rails, a cutting-edge solution for efficient solar installations. These high-quality components ensure secure panel attachment and easy alignment, maximising energy output.

What are solar panel fixings?

Solar panel fixings are vital fastening elements in solar installations. These durable and corrosion-resistant components securely attach solar panels to mounting structures, such as our aluminium solar panel mounting rails, ensuring stability in various weather conditions.

What is the importance of fasteners in photovoltaic installations?

Fasteners hold a pivotal role in photovoltaic installations. While they might not be as conspicuous as solar panels or inverters, their function is paramount. Here's an in-depth look at the significance of fasteners: a. Ensuring Structural Integrity Fasteners are crucial for firmly connecting solar modules, mounts, and other components.

How do you attach a solar panel to a roof?

Brackets are screwed or bolted to the solar module using suitable stainless steel self-tapping screws and then bonded to the roof surface using Sikaflex 521 UV adhesive. (Screws, bolts & adhesive not included) Solar panels may be mounted on a pole, a ground support, a wall of a building, a building or vehicle roof, or on a boat deck.

How do I install a solar photovoltaic system?

The most efficient way to install a solar photovoltaic system is by using a Heliomotion. Simply because a Heliomotion has innovative sun-tracking technology that enables solar panels to track the sun throughout the day and year. The possibilities for mounting solar are endless.

Can a solar panel be mounted on a vehicle roof?

Brackets for mounting solar panels to a vehicle roof, or on a boat deck. The ABS solar panel mounting brackets can be used with any aluminium framed solar panel to provide a secure fixing for vehicles, caravans or boats without drilling any holes through the roof.
