

What is a powersafe sbs-100f battery?

The PowerSafe(TM) SBS-100F battery utilizes unique and proven technology to provide superior performance with an extended service life in compact and energy dense configurations. PowerSafe SBS batteries are manufactured to the highest international standards and are ideal for reliable use in all wireless and fixed-line communication applications.

What is a powersafe SBS front terminal battery?

PowerSafe® SBS Front Terminal batteries retain the benefits of Thin Plate Pure Lead(TPPL) technology such as long-life,high-energy density and superior shelf life. They also deliver exceptional cyclic performance in both float and fast charge applications,even in the hottest and harshest operating environments.

What is the capacity of a powersafe SBS battery?

Capacity range: 31 - 190Ah12V monobloc configurations Multiple string configurations available Two year shelf life SR-4228 compliant Proven long service life High energy density and cycling capability The outstanding PowerSafe® SBS Front Terminal battery further extends the technical leadership of PowerSafe® SBS batteries range.

What is the powersafe SBS EON Technology battery range?

The PowerSafe SBS EON Technology battery range is available in two configurations: the front terminal SBS B14 - SBS 210F designs which make installation and inspection quick and easy and the SBS 320 - 3900series which offers industry-leading capacities (up to 3900Ah) in OPzV's DIN container sizes.

Where are powersafe® batteries marketed?

PowerSafe® products are marketed under the SuperSafe® brand in the following specific countries - India,Indonesia,Malaysia,Singapore,Thailand,Australia and New Zealand. Featuring advanced Thin Place Pure Lead (TPPL) technology,PowerSafe SBS batteries deliver long life,high energy density and superior shelf life for telecommunications.

What is a powersafe SBS 2V & 12V battery?

Where conventional VRLA AGM batteries struggle to cope with harsh conditions and frequent power outages, EON Technology makes PowerSafe SBS 2V and 12V batteries the perfect solution for the challenging operating conditions of today's telecommunication networks.
