

With over 55 rooftop mounted solar PV systems installed since 2006, Ciel & Terre has developed recognised know-how in the integration of photovoltaic power plants in buildings.

PV System Design The PV module converts sunlight into DC electricity. Solar charge controller regulates the voltage and current coming from the PV panels going to the battery and prevents battery overcharging and prolongs the battery life. Inverter converts DC output of PV panels or wind turbines into a clean AC current for AC appliances or fed back into the grid line. Battery ...

Founded in 1981, Motech Industries Inc., also known as Motech Solar, is dedicated to the research, development, and manufacture of high-quality solar products and services, ranging from photovoltaic (PV) cells, PV modules, to PV systems.
