Who is franklinwh?

FranklinWH is a research-driven company focused on next-generation residential energy management and storage solutions. Headquartered in the San Francisco Bay Area, FranklinWH's team has decades of experience in energy systems, from design, through manufacturing, to sales and installation.

Where can I buy Franklin WH?

FranklinWH is available in distribution via BayWa r.e., Greentech Renewables, Inception Energy, Fortune Energy, The Power Store, Van Meter, Inter-Island Solar Supply, R&R Solar Supply, and SolWel. FranklinWH's ascent in home energy storage is due to its flagship system, Franklin Home Power (FHP), which is more robust than a typical ESS.

Is franklinwh a 'whole home solution'?

When a completely new name like FranklinWH made its initial U.S. rollout at Intersolar 2022, touting a true "whole home solution," I was curious how it would fare. One year later, and FranklinWH has arguably made more strides than any other home ESS company.

What's new in the franklinwh app?

The FranklinWH App has been enhanced with revamped visuals, a smart voice assistant for hands-free commands, and new energy data analysis. Homeowners can take further control over their energy usage through Smart Control capabilities, including customized scheduling, improved energy balancing, and more control options for FranklinWH Smart Circuits.

Does Oahu have a franklinwh home power M&M certification?

ESS installers on the island of Oahu can now reference the FranklinWH Home Power M&M Certification to fast-track the standard residential permitting process, shortening permitting delays by almost six months. Since this announcement, US-GM and cofounder Gary Lam says "one of the top 5 players" on the island is now exclusively installing FranklinWH.

How long does franklinwh last?

FranklinWH is priced competitively, can be commissioned in as quick as five minutes and offers a 12-year warranty vs. an industry average of 10 years. Future outlook? ESS installers are often in a tough spot, trying to match customer expectations to the realities of the available technology.

Certified installation and commissioning of the Franklin Home Power system. Enroll customer in ConnectedSolutions through the FranklinWH App. FranklinWH App Customer agrees to terms and conditions through the FranklinWH App. FranklinWH will need to approve the application, which triggers the utility approval process ...

We named our company in honor of the father of battery - Benjamin Franklin, who invented the term "battery," and made a tremendous contribution to our knowledge of electricity. So, what about the "WH" after Franklin? As shouldn't be a surprise, coming from a company focused on R& D, it's the brainchild of a bunch of tech geeks - our founders.

I bet you didn't know that the "WH" in FranklinWH stands for "Whole Home." The Jersey Boys from Franklin designed their battery system from the ground up to help people back up their whole home without adding extra batteries or expensive load shedding subpanels.

Revenue opportunities: As part of a VPP, you can integrate your energy storage system into a large virtual power plant network, allowing you to participate in electricity market trading and energy markets, and earning bill credits revenues by selling or leasing the energy reserves of your energy storage device.
