We focus on importing, selling, and installing solar power systems and water heaters. We started operations on March 17, 2020, and we are known for our quality service. We use Longi panels, a top brand with no direct competitors, and our converters ...

Armenia has a great potential for solar energy (the average annual value of solar energy flow on 1 m² horizontal surface is 1720 kWh/m², and a quarter of the territory of the republic is endowed with solar energy resources with an annual intensity of 1850 kWh/m²;). Technology today allows us to capture and store solar energy, reducing energy ...
