

El IntelliNeo 530 BESS es un sistema avanzado de gestión de energía que proporciona control y monitoreo seguro y confiable para sistemas de almacenamiento de energía en baterías (BESS), garantizando el más alto nivel de rendimiento del sistema de almacenamiento.

ComAp announces the new IntelliNeo 530 BESS controller, an addition to ComAp´s IntelliNeo controller family. Designed to respond to the needs of BESS packagers, it enables direct integration of the Battery Management System (BMS) with the Power Conversion System (PCS) within a BESS, as well as control, monitoring and protection of the auxiliary ...

IntelliNeo 530 BESS enables direct integration of the Battery Management System (BMS) with the Power Conversion System (PCS) within a BESS, as well as control, monitoring and protection of the auxiliary systems, including HVAC, fire detection and suppression, ingress detection, and E-Stop.

The IntelliNeo 530 BESS is an advanced energy management system providing secure and reliable control and monitoring for battery energy storage systems (BESS) to ensure the highest level of Storage System performance.

IntelliNeo 530 BESS enables direct integration of the Battery Management System (BMS) with the Power Conversion System (PCS) within a BESS, as well as control, monitoring and protection of the auxiliary systems, ...
