

What is a powersafe SBS battery?

The PowerSafe SBS battery range is available in several configurations including the front terminal series which has become extremely popular in leading edge telecom applications. The design of the front terminal series offers improved flexibility where space is limited and makes installation and maintenance easier and faster.

What battery sizes are available for powersafe SBS batteries?

PowerSafe SBS batteries are available in both 12-volt front-terminal and 2-volt OPzV and OPzS DIN container sizes, and an extensive range of Ampere-hour (Ah) capacities, providing flexibility to fit any setup.

What is the maximum operating temperature of a powersafe SBS battery?

The maximum operating temperature of the PowerSafe SBS J battery series can be extended to 80°C via an optional metal jacket. PowerSafe SBS batteries are designed for use in cabinets or on stands, close to the point of use. A separate battery room is not required

Are EnerSys SBS batteries a good choice?

The EnerSys range of PowerSafe SBS batteries continues to offer unrivalled choice and performance in compact and energy dense configurations. PowerSafe SBS batteries are manufactured to the highest international standards and are ideal for reliable use in all wireless and fixed-line communication applications.

What is a powersafe SBS 2V & 12V battery?

Where conventional Valve Regulated Lead Acid (VRLA)/Absorbed Glass Mat (AGM) batteries struggle to cope with harsh conditions, remote locations and frequent power outages, the combination of TPPL and EON Technology makes PowerSafe SBS 2V and 12V batteries the perfect solution for today's telecommunication networks.

Where are powersafe SBS batteries marketed?

PowerSafe products are marketed under the SuperSafe brand in the following specific countries - India, Indonesia, Malaysia, Singapore, Thailand, Australia and New Zealand. Featuring advanced Thin Plate Pure Lead (TPPL) technology, PowerSafe SBS batteries deliver long life, high energy density and superior shelf life for telecommunications.

AM-SBS-PS AA January 2019 Features and Benefits o Capacity range 7-361Ah o 2V, 6V and 12V monobloc configurations o Multiple string configurations available o Two year shelf life o SR-4228 compliant o Long service life o High energy density and cycling capability

POWERSAFE SBS BATTERIES: THE IDEAL SOLUTION FOR YOUR INFRASTRUCTURE.
