As KION Battery Systems - a joint venture between KION GROUP AG and BMZ Holding GmbH - we produce various types of lithium-ion batteries for industrial trucks in Karlstein am Main (Germany). With precision, high safety standards, and state-of-the-art technology, the batteries assembled at KION Battery Systems are of outstanding quality. And ...

KION Battery Systems (KBS), a joint venture between intralogistics provider KION GROUP AG and battery manufacturer BMZ Holding GmbH, has started production of lithium-ion batteries for industrial trucks.

The European leading manufacturer of lithium ion battery systems will join forces with KION GROUP AG, leading global provider of intralogistics solutions to form a joint venture under the name of KION Battery Systems GmbH.

The joint venture, KION Battery Systems (KBS), is being utilized to expand the production capacity of lithium-ion batteries (LIBs). LIB systems are quickly growing in demand in the intralogistics market, and in particular, Europe, the Middle East, and Africa (EMEA) region.

The KION Group produces its own lithium-ion batteries at the KION Battery Systems plant in Karlstein am Main. These are then installed in the electric-powered industrial trucks of the KION brand companies Linde MH, Fenwick, STILL, and Baoli, as well as in automated warehouse logistics systems.

KION Battery Systems (KBS), a joint venture between KION GROUP AG and BMZ Holding GmbH, has started production of lithium-ion batteries for industrial trucks. In the summer of 2019, the two companies announced a strategic partnership and the establishment of their own production facility in Karlstein am Main, where the BMZ Group is headquartered.
