Univix Power Solutions, founded in 2018, is a solar battery manufacturer based in Laconia. On this page, you can find a complete list of solar batteries from Univix Power Solutions and compare models side-by-side.

The Univix system can work for grid-tied battery backup but will work just as well off-grid, which the competing systems will not. It can be charged by solar power and other alternative sources, and according to Univix, it works seamlessly with ...

The size of the battery bank will be determined by the amount of energy you need to store. The Bank by Univix will keep your home power on for 24 hours plus in the event of a power outage and is powerful enough to power ...

We provide multiple energy solutions for families, businesses, and energy providers. The Bank, our backup-power solution, incorporates everything you need to power your home or business's essentials for 24 hours (18.2kWh). The Bank can easily be charged using electric, solar or alternative energy sources.

Univix inverters can switch between power sources in under 20 milliseconds. This means that our inverters are capable of switching from grid to batteries in the event of a power outage, and back when the grid comes back online, without resetting your alarm clock, or flickering your lights.

Univix creates powerful, on-demand backup power sources for your business at an affordable price. Whether you own a brick-and-mortar physical business location or require energy for on-the-go contracting jobs, we can make what you need.

We build custom power solutions for businesses, large and small. Whether you are looking for backup power, or power on the go, contact us to learn what we can do for you. Never find your business without full power again.
