The AC200MAX can be charged using an AC wall outlet, a carport, or solar panels, giving users flexibility and options for powering up. Versatile With its multiple AC and DC outputs, as well as USB-A and USB-C ports, the AC200MAX can power a wide range of devices and appliances, from small electronics to power tools and even medical equipment.

Our portable solar generators bring reliable electricity to even the most remote islands. Enjoy the convenience and independence of sustainable energy, no matter where you are in Vanuatu. Online Live Support

The performance of the RE-SAT platform in Vanuatu was tested against actual power produced by the by the existing solar arrays installed at Kaw'n, Tagab; and M;t;o (which total 1.2MW ...

That challenge was taken up by Solar Fiji who engineered, designed and installed what is one of the biggest residential Off-Grid Solar Power Systems in the South Pacific. Solar Fiji are based in Suva, and work alongside ...

While the island already has some local renewable generation capacity - including PV, wind, and hydro - the majority of energy demand is still met by diesel generators. Masdar installed three solar PV plants to help increase the share of renewable energy in the energy mix in addition to providing shading for 112 parking spaces at the ...
