

Here, along with some agriculture, is the infrastructure needed for broadcasting Vatican Radio, and the area is large enough to accomodate enough solar panels to power the whole of the Holy See.

Pope Francis announced his plans to transition Vatican City into 100 percent solar power amid the increasing risk of climate change. The Pope proclaimed his announcement in his Apostolic Letter "Fratello Sole," ordering the ...

The Holy Father has tasked the relevant Vatican governing bodies to collaborate with Italian authorities and build an "agrivoltaic system," which would use land in Santa Maria di Galeria, an extra-territory of Vatican City situated outside of Rome, for farming and solar energy production.

Pope Francis has renewables on his mind as he says he wants Vatican City to run on solar power. To achieve his aim, solar panels will be installed on a Vatican-owned property outside Rome.

The Holy Father has tasked the relevant Vatican governing bodies to collaborate with Italian authorities and build an "agrivoltaic system," which would use land in Santa Maria di Galeria, an extra-territory of Vatican City situated outside of ...
