

Where is the Jiang Energy Storage Box Factory

Does Jiangxi province have a complete industrial chain?

The province has developed a complete industrial chaincovering mining and production of major battery materials, lithium batteries, new energy vehicles and power storage facilities, said Jiang Mingcheng, deputy head of the Department of Industry and Information Technology of Jiangxi Province.

How much is Jiangxi's lithium battery industry worth?

Last year, the total value of Jiangxi's lithium battery and new energy industry reached 406.51 billion yuan (\$57 billion), a 120.3 percent year-on-year growth, according to the provincial government.

Will Jiangxi become a leading industrial cluster?

East China's Jiangxi province is actively leveraging its advantages in upstream lithium resources to expand downstream sectors such as battery and electric vehicle manufacturing, with a view to becoming a leading industrial cluster.

Where are lithium batteries made in China?

The province has already formed three major lithium battery industrial bases in Yichun, Xinyu, and Ganzhou, and various clusters for lithium battery manufacturing in cities such as Nanchang, Shangrao, Pingxiang and Fuzhou.
