

Zimbabwe africon solar

We deliver the best & affordable solar products & equipment, with qualified personnel, quality guaranteed products which give the client peace of mind whilst enjoying our system's performance & outcome

We supply the full range of solar PV components including inverters, modules, structures, large-scale battery-based energy storage solutions, both integrated with solar PV plant or stand-alone and complete balance of system ensuring ...

Africa on Solar has experience in utility scale solar; including both ground-mounted systems and large roof-top installations. Our ground-mounted experience extends across all kinds of terrain, including complex sites with high degree of inclination and demanding ground conditions.

We supply the full range of solar PV components including inverters, modules, structures, large-scale battery-based energy storage solutions, both integrated with solar PV plant or stand-alone and complete balance of system ensuring the best coverage for all our projects.

Sona Solar Zimbabwe applauds Frecon Solar's leadership and looks forward to collaborating with them and other industry leaders to accelerate the adoption of solar power throughout Southern Africa. By working together, we can illuminate a brighter future powered by clean, reliable, and renewable energy.

Clamore Solar ranked in the top 10 Zimbabwe Solar companies by Solareyes. In recent years, Zimbabwe has embraced the potential of solar energy as a sustainable and reliable power source.
